Members Sailing Survey Results

Thanks to everyone who completed the survey and shared their ideas.

We received 22 responses – see the summary results below. The suggestion of a Wags' day (wives and girl friends) has sparked some keen conversation around Slim's Tables on Friday.

Keep the ideas coming....

FROM YOUR SAILING COMMITTEE

3. Would you like the sailing season to run for the entire year with a short break at Christmas.

[Create Chart](#) [Download](#)

		Response Percent	Response Count
Yes		31.8%	7
No - leave as is		68.2%	15

4. Sailing Frequency

[Create Chart](#) [Download](#)

		Response Percent	Response Count
Sail every week		86.4%	19
Sail every second week		13.6%	3

5. Would you like sailing to alternate between yachts and dinghies. That is, one week Yacht sailing only, the following week Dinghy sailing only. So yachts would compete every second week, dinghies would compete every second week but sailing is on for most of the year.

		Response Percent	Response Count
Yes		36.4%	8
No		63.6%	14

6. Would you prefer the sailing calendar be set for the entire season, at the start of the season

		Response Percent	Response Count
Yes - plan for the whole year		54.5%	12
Yes - but only for championship heats		18.2%	4
No - leave as is		27.3%	6

Due to need to maintain fitness, dingy sailing should always be offered weekly, say on Saturday afternoons in current two race format. Due to investment in time to set up, makes more sense to offer yacht sailing less frequently but longer events, say all day on a Sunday twice a month like most pure yacht clubs do such as CCYC and QCYC. Plus in Gladstone many people only have Sundays off for crewing.

As more people sail on championship days. Make every race count for championship point and then everyone can drop 5 rounds for the year.

Would prefer more alternatives to Q 4 & 5. The survey did not allow upload without a response to Q 4&5 so I had to pick one but this is not necessarily a true answer. You need to allow for more options as some things are not black or white.
